

# 2006 College and University Green Power Challenge

Throughout 2006, EPA's Green Power Partnership will track and recognize the collegiate athletic conferences with the highest combined green power purchases in the nation. The Green Power Challenge is open to all U.S. colleges, universities, and conferences. To join the Partnership, visit the [Join Us](#) page of this Web site.

In the Summer of 2007, EPA will conclude the Green Power Challenge and recognize a Champion Green Power Conference as well as the largest single purchasers within each participating conference as 2006 Green Power Challenge conference champions. The top conferences are listed below. To be listed, a conference must have at least one Green Power Partner and an aggregate green power purchase of at least 10,000,000 kWh across the conference.

1. Ivy League (130,666,180 kWh)			2. Big Ten Conference (64,594,752 kWh)			3. Atlantic Coast Conference (54,564,000 kWh)		
School	Green Power (kWh)	% Green Power	School	Green Power (kWh)	% Green Power	School	Green Power (kWh)	% Green Power
